Synopsis

Nitya passes through many hurdles to indentify inherent potential in Myna, her non verbal child with autisum. Varnapatala depicts about challenges of a mother who inspired by the motivational talk.... Nitya manages to carve a talented child out of an Autistic Myna. She sets an example for motherhood with her strength and dedication.

Life of an autistic disabled child is like a simple white colour. To liberate its beautiful colour like VARNAPATALA (SPECTRUM) it has to pass through a prism of supportive family, society and education system, which is beautifully captured in this film.

Feedback Professor DR. Rao

Glad i didn't miss watching this movie. Very educative, must eatch, most needed movie in the backdrop of RPWD Act and NEP.

Theme: Wonderfully linked to social, family, scholastic and other astrocities faced by parents, particularly mother of a special need child.
